

PHYSICIANS WITH EXPERIENCE TREATING PYRUVATE KINASE (PK) DEFICIENCY

The following physicians served as clinical trial investigators in Agios studies related to PK deficiency or manage at least 2 patients with PK deficiency in their practice.

They have agreed to be included on this list to serve as resources for the community. Many specialize in pediatric hematology but worked with adult patients during the clinical trials. If you need an adult hematologist but there's none listed in your state, a pediatric hematologist may be willing to work with you or provide you with a referral.

This list will be updated as additional physicians agree to be included. Last updated October 2023.

Pediatric Hematology Physicians

State	Physician Name	Institution	Specialty
AR	Dr. Shelley Crary Visit physician profile	Arkansas Children's Hospital (Little Rock)	Pediatric Hematology
